## **Air Components & Systems, LTD. Celebrates 30<sup>th</sup> Anniversary**

### *Regional Ingersoll Rand Compressor Distributor Thriving*

CHARLOTTE, N.C. – September 19, 2014 – Air Components & Systems, LTD., a leading provider of industrial air compressor equipment, services and parts announced today the kickoff of its 30<sup>th</sup> anniversary celebration.

Thirty years ago, Air Components & Systems was founded as an Ingersoll Rand Master Distributor serving areas in North Carolina, South Carolina, Tennessee, Virginia and Kentucky with two locations and 19 employees. The company now has 5 customer-facing locations and 50 employees.

Air Components & Systems has received Ingersoll Rand's Top Distributor performance award three times and consistently ranks as one of Ingersoll Rand's top performers in the distribution channel.

"This is a very exciting milestone for us," said Keith Driscoll, President of Air Components & Systems.

"We are poised to have the best year in the company's history, and we look forward to celebrating with several special events for our partners, employees and customers. We look forward to serving the region for the next thirty years."

"Given the exciting changes we see in the manufacturing industry, and the excellent partner we have in Ingersoll Rand and their products, we believe there is continued opportunity for growth," said Driscoll.

Air Components & Systems launched a special webpage to commemorate the anniversary and will continue to post information about special events throughout the year. Visit the website at [www.air-components.com/30th-anniversary](http://www.air-components.com/30th-anniversary).

### **About Air Components & Systems, Ltd.**
